WELCOME

TO STRATHMORE OPEN STUDIOS 2026

Held throughout the Strathmore valley, from Rattray to Glamis, and running over a period of four days, this event gives you access to more than 50 artists and makers in their own studios and galleries. From painting, glass and ceramics, to a variety of unique textile designs and stone & woodwork design, there's something here for everyone.

Visiting exhibiting artists gives you a unique insight into their work, methods and inspirations. In each location you will have the opportunity to buy one-of-a-kind creations directly from the creators themselves. Many artists also offer the chance for tailored commissions. Also, don't forget to check out the many locations offering demonstrations and a chance to see our artists and makers at work.

This guide is also available online at strathmoreopenstudios.com

Here's an easy way to find where the venues are: **pick your artist** from the brochure, **open your phone camera** and point it at the **QR code** next to the venue directions. Don't take a picture, **just hold it steady, keeping the code in frame**. A link called 'maps' will appear on your screen. Tap it and it will show you the place on Google Maps.

Might not work on older phones.
